

[GO] Game Overview

Big picture game overview elements to be reviewed often.  
Seek feedback from people to your game vision, purpose, and design strategy to see if they react positively to your wording and message, and iterate as needed.  
Innovative games requires strong understanding of the tools and principles of good gameplay, narrative, art and audio to know how to use it or break it to create a desired high quality outcome.

Game Vision *What the Game is.*

Game Title					
Current Game Title	Potential Game Titles	Genre	Modes of Play	Platform(s)	Release Date
• Djaa (meaning land or home).	1. Rites of Passage. 2. Manta.	• 2D action-adventure Platformer.	• Single-Player.	1. Mobile (Android/ iOS). 2. PC (Windows/ Mac).	• Jan-Feb 2024.
<b>Logline</b> ( <i>Examples</i> ) 1 sentence describing what the game is to entice someone to play or join the project that focuses relevant strategies to realise it. Iterate regularly to get it right. Logline Elements: Protagonist (use adjective, not name), protagonist active goal, antagonistic force, stakes if protagonist fails, and urgency. Don't reveal ending.					
• A boy seeking the warriors path for glory is thrustud into an unknown world, and must learn the wisdom of his ancestors to return home.					
<b>Tagline</b> 6 word story for marketing purposes to intrigue an audience to know more by knowing what's exciting and unique about your game.					
• Holy grail unveils who you are.					
<b>Scope Overview</b> 3-4 sentences describing what and how the game will be delivered as to gameplay, narrative, art and audio that is engaging and unique as an elevator pitch to entice someone to play or join in the creation of the game project that focuses relevant design strategies to realise it.					
• 2D single-player action-adventure platformer released in Jan-Feb 2024 for mobile (Android/ iOS) and PC (Windows/ Mac) for audience ages between 10 to 17 that explores aboriginal tribal culture through the eyes of a driven, shy and arrogant boy (Budburra) during initiation (rite of passage) who is seeking to become a powerful warrior for glory to prove his honour. • In and over his head, Budburra ignores the commands of his father (Babun), and gets lost in the bush to then be transported to the dreamtime. Budburra must learn the timeless wisdom of his ancestors by exploring and surviving south east Queensland landmarks in the dreamtime to become the warrior the tribe needs to return home. • Player embodies Budburra with intuitive flow of hunting, gathering and platforming gameplay with stylised realistic art style for the physical world, and aboriginal dot paintings in the dreamtime (spirit world), with authentic aboriginal instrumental music to represent characters and their journey that conveys a playful, empowering and mystical tone.					

Game Purpose *Why the Game is.*

Theme
Compelling question that inspires the team and the player to seek and complete the game to know the answer to that is the theme for the game's story.
<b>Thematic Question</b> What is the thematic question about life and reality that inspires your creativity to explore, potentially answer, and express related to the games vision?
• What is the aboriginal tribal cultures timeless wisdom to live a wise life?
<b>Theme</b> What is the universal truth answer to the thematic question that is the theme for the games story?
• Live to nurture the land and its inhabitants that one stands with, and in return one is nurtured.
<b>Business Case</b> 2-4 sentences describing why (benefits) the game should be made for the target audience and team that inspires team motivation towards project completion. Is it to entertain, educate, inspire, increase awareness, show a perspective, social inclusion etc?
<b>Player Experience Goals</b> Desired experience target players receive during and after playing the game as to playstyle (fun type), emotions and understanding (knowledge, ideas and wisdom).
• Explore and learn the wisdom of aboriginal culture (specifically Gubbi Gubbi people) by undertaking a rite of passage towards becoming a powerful warrior in a new unknown world (dreamtime) to nurture the tribe and its land that feels authentically playful, empowering and mystical to inspire young people to do the same.
<b>Team Experience Goals</b> Desired experience team members receive during and after completing the project that’s fulfilling, resource viable, and utilises teams values, strengths and skills.
• Work on a meaningful game project that has a clear vision and purpose with a respectful team suited to each individuals skill level to produce team flow that feels intrinsically and sustainably satisfying with zero crunch that advances the teams skills and careers.
<b>Experience Metrics</b> How the player and team experience goals will be accomplished, and what playtesting and team metrics will be used to measure it.

Game Design Strategy *How the Game is.*

Design Features	
Brief description of the key feature ingredients of the game that makes it engaging, unique and/ or innovative from other games, and then prioritise that list towards achieving player experience goals.	
Features	Description
1. Flowing Combative Movement.	<ul style="list-style-type: none"><li>Intuitive flow between combat (hunting) and movement (platforming) with Budburra's signature multi-purposeful weapon the returning boomerang.<ul style="list-style-type: none"><li>Budburra can run, variable jump, wall jump, and climb (for period of time).</li><li>Returning boomerang can be thrown long distances that automatically returns to the player to stun and damage animals, teleport to when boomerang ready, reduce player gravity while thrown in the air and slow game time if action input held for period of time, and interact with the environment (bounce, knock off bush tucker items).</li></ul></li></ul>
2. Aboriginal Paintings.	<ul style="list-style-type: none"><li>Authentic aboriginal dot paintings art style for the spirit world (dreamtime) environment, characters, objects, user interface and visual effects that conveys a playful, empowering and mystical tone.</li></ul>
3. Aboriginal Instrumentals.	<ul style="list-style-type: none"><li>Authentic aboriginal instrumental music that represents story worlds and characters journey, by adapting to the changes of the story that conveys a playful, empowering and mystical tone.</li></ul>
4. Exploratory Level Progression.	<ul style="list-style-type: none"><li>30 levels lasting 6 mins (3 hrs) with each level (episodes) having a 3 act structure that teaches important life lessons (wisdom) and survival strategies (hunting, gathering, traversal, language) from aboriginal culture.<ul style="list-style-type: none"><li>After inciting incident, player has access to the level hub in the dreamtime to be able to return to completed levels using scar trees (portals).</li><li>Important levels contain important landmarks in south east Queensland Gubbi Gubbi tribe area.</li><li>Automatic level saving system that saves the levels completed, triggered when the player enters a new level or reaches a respawn point.</li></ul></li></ul>
5. Fast Forgiving Respawn.	<ul style="list-style-type: none"><li>Fast forgiving respawn system with star bush checkpoints to maintain the flow of level progression.</li></ul>
6. Simple AI.	<ul style="list-style-type: none"><li>Finite state machine AI system for simulating 9 authentic Australian animals with a dreamtime spin in appearance and/ or behaviour to instigate feelings of familiarity and uniqueness.<ul style="list-style-type: none"><li>Animals: Kangaroo, Emu, Koala, Echidna, Taipan, Brown snake, Red-bellied black snake, Kookaburra, Fruit bat.</li></ul></li></ul>
7. Interactive Gathering.	<ul style="list-style-type: none"><li>Interactive gathering system with UI pop-up when nearby interactive objects for gathering 10 authentic Australian bush tucker (plants) and narrative items for level progression.<ul style="list-style-type: none"><li>Healthy plants: Finger lime, Lemon myrtle, Quandong, Lemon aspen, Muntries, Riberry.</li><li>Poisonous plants: Cycads, Deadly nightshade, Mistletoe, Finger cherry.</li></ul></li></ul>
8. Varied Platforms.	<ul style="list-style-type: none"><li>Selectable variations of platform behaviours including one-way, moving (horizontal/ vertical), jump pad, falling, disintegrating, and rotating.</li></ul>
9. Dynamic Animatic Cinematics.	<ul style="list-style-type: none"><li>4 dynamic animatic cutscenes (1:30 mins) that tell an authentic aboriginal story of becoming a warrior with voice over, camera movement and visual effects (using particle system).<ul style="list-style-type: none"><li>Dialogue authentically uses aboriginal Gubbi Gubbi language for key characters, animals and items (translated for English speaking audiences).</li></ul></li></ul>
10. Standard Dialogue.	<ul style="list-style-type: none"><li>Standard dialogue system where an interaction UI pop-up appears above persons head when player is nearby, and the player can press the interact button to initiate dialogue (with box and text).<ul style="list-style-type: none"><li>Dialogue authentically uses aboriginal Gubbi Gubbi language for key characters, animals and items (translated for English speaking audiences).</li></ul></li></ul>
Stretch Features	Description

Design Pillars ( <i>Game Design Pillars</i> )	
Brief description of the design principles that guides specified types of gameplay experiences (not features) that achieves player experience goals.	
Pillars	Description
1. Flow.	<ul style="list-style-type: none"><li>Intuitive flow between combat, gathering and movement with realistic horizontal movement in the physical world, and fantastical vertical movement in the spirit world (dreamtime).</li></ul>
2. Exploration.	<ul style="list-style-type: none"><li>Players are encouraged to explore each level with the ability to revisit levels in the dreamtime level hub to review previous wisdom.</li></ul>
3. Story-driven.	<ul style="list-style-type: none"><li>Narrative storytelling of theme, character motivations and story world (lore) using dialogue and dynamic animatic cutscenes with voice narration, camera movement and visual effects.</li></ul>
4. Authentic.	<ul style="list-style-type: none"><li>Gameplay, narrative, art and audio style and tone authentically expresses aboriginal culture.</li></ul>

Design Constraints	
Brief description of the design rules for each design field that must not be broken unless purposeful, communicated with the team, and specified to narrow ideas towards a defined game direction that achieves player experience goals.	
1. Gameplay	
Movement	<ul style="list-style-type: none"><li>Flow between running, single variable jumping, wall jumping and climbing (for period of time).</li></ul>
Combat	<ul style="list-style-type: none"><li>1 multi-purposeful weapon (boomerang) for movement, combat and level puzzle solving.</li><li>10 authentic Australian bush tucker that increases or decreases abilities (health, movement, jump, climb and invincibility).</li></ul>
AI	<ul style="list-style-type: none"><li>9 authentic Australian animals with simple finite state machine.</li></ul>
Progression	<ul style="list-style-type: none"><li>Linear level difficulty progression aligned with target audience skill level.</li></ul>
Level Design	<ul style="list-style-type: none"><li>30 levels lasting 6 mins (3 hrs) to navigate levels and collect narrative items to complete.</li><li>Levels teach aboriginal wisdom and survival strategies (hunting, gathering, traversal, language).</li><li>Level start: Shows level name, location and quote that is the theme and purpose for the level.</li><li>Level progress: Player navigates level puzzles and dangerous animals/ plants to collect key item.</li><li>Level end:</li><li>Fast forgiving respawn system with star bush checkpoints to maintain flow of level progression.</li></ul>
2. Narrative	
Theme	<ul style="list-style-type: none"><li>Live to nurture the land and its inhabitants that one stands with, and in return one is nurtured.</li></ul>
Story Structure	
Characters	<ul style="list-style-type: none"><li>9 characters: Budburra (protagonist), Babun (father, antagonist), Hope (sister), Avang (mother), Gira (sister), Maroochy, Coolum, Ninderry, Wakan.</li></ul>
Story World	
Cinematics	<ul style="list-style-type: none"><li>4 dynamic animatic cutscenes (1:3 mins) with voice over, camera movement and visual effects.</li></ul>
3. Art	
Environment	<ul style="list-style-type: none"><li>2 worlds (physical and spirit) with unique art style and music.</li><li>Physical world: 3 colours, stylised-realism shapes, textures and proportions.</li><li>Spirit world: 3 colours, circle shapes, repetitive dot textures and realistic proportions.</li></ul>
Characters & Objects	<ul style="list-style-type: none"><li>9 characters and 13 types of objects.</li></ul>
User Interface	<ul style="list-style-type: none"><li>Main menu, pause menu, dialogue, interactive pop-up, level hint pop-up, mobile input buttons.</li><li>Level transition (circle, wipe left to right) (circle, fade in/ out), (circle, cut in/ cut out).<ul style="list-style-type: none"><li>Circle cut in/ out transition when entering and leaving scar trees.</li></ul></li></ul>
Visual Effects	<ul style="list-style-type: none"><li>Screen effects: Screen shake, screen transition.</li><li>Particles: Menu leaves.</li><li>Projectiles:</li></ul>
4. Audio	
Music	<ul style="list-style-type: none"><li>Authentic aboriginal instrumental style with playful, empowering and mystical tone.</li><li>Music dynamically adjusts depending on gameplay or narrative context.</li></ul>
Sound Effects	<ul style="list-style-type: none"><li>Authentic aboriginal sounds and real life sounds.</li></ul>
Voice Over	<ul style="list-style-type: none"><li>Aboriginal narrator for cutscenes.</li><li>Budburra voice exclamations during character beats and epic player actions.</li></ul>

Narrative Overview

Thematic Question, Theme, Conflict & Inspiration

Thematic Question

What is the thematic question of the games narrative, and why (purpose) was it chosen as to how it contributes to the games vision and purpose?

Thematic Question	Purpose
• What is the aboriginal tribal cultures timeless wisdom to live a wise life?	• Explore and share the timeless wisdom of aboriginal culture to young audiences.

Theme (Universal Truth to the Thematic Question)

What is the universal truth answer to the thematic question, what tone (emotions) is used to express that theme, and why (purpose) was it chosen as to how it contributes to the games vision and purpose?

Theme	Tone (Emotions)	Purpose
• Live to nurture the land and its inhabitants that one stands with, and in return one is nurtured.	• Playful, empowering and mystical.	• Inspire young audiences to courageously become an instrument for nurturing the land.

Thematic Conflict

What is the thematic conflict between what the protagonist and antagonist believes is the answer to the thematic question, what are its strengths and weaknesses that creates a dilemma that pushes their beliefs to engage the audience?
